The Half Way House, 12 East Boulder Street
Owner: Timothy R. Bussey
General Contractor: Bob McGrath Construction
Landscape: Monarch Landscaping & Maintenance

2009 Judges

Kathleen Corbett Architectural Historian

Kathleen has a Masters of Science in Architectural History from the University of California at Berkeley, and has been working as a consultant in Denver since 2004. Currently she is finishing her doctoral dissertation about *House Beautiful* magazine and its influence on modernism in postwar housing. She is also a writer who studies the built environment for what it says about the people who create it. When not plying her trade as an architectural historian, she is learning to play the ukulele and working on a novel for young teens.

Genevieve Zeman Commercial Designer

Genevieve graduated with a Bachelor of Science in Interior Design from Colorado State University and served as a board member for the American Society of Interior Designers for three years. For over a year she has interned at the Department of Local Affairs to assist local governments set goals and create conceptual designs to meet the needs and vision of the local communities. Her most recent project was creating conceptual façade designs for Lamar, Colorado in order to create a cohesive downtown atmosphere (reviving the historic buildings they already had while adding architectural details to the facades that lacked them). She hopes to continue in commercial design projects to assist Colorado's communities.

A WARM WELCOME TO KATHLEEN AND GENEVIEVE, OUR 2009 JUDGES!
