PIFP Mentor Profile

Name: Annie Robb Levinsky

How would you like fellows to contact you? alevinsky@historicdenver.org

CC graduation year: 2002

Other education: Some graduate coursework in urban planning.

Current employment position: Executive Director, Historic Denver, Inc.

Experience/areas of interest: History, museum studies, historic preservation, non-profits, land use, urban planning.

Why have you chosen to work in (or support) the nonprofit sector? The non-profit sector gives me a chance to work in my area of interest (history) and be a jack-of-all-trades. My job includes diverse tasks, and because of the non-profit environment there is lots of opportunity for self-determination, flexibility and creativity.

Why have you chosen to be a PIFP mentor? I helped to start the PIFP program in 2002/2003 and am thrilled to see that it has continued to grow. Having a mentor is so important during your first years in a professional role, and I was fortunate to have people in my first jobs encourage me, and continue to support me as I’ve developed. Mentors can help provide not only advice and guidance but perspective.

What is something most people would be surprised to know about you? I taught myself how to quilt because I like to work with my hands and get my mind off work!
