PIFP Mentor Profile

Name:  Megan Seibel

How would you like to be contacted?

Mseibel2@yahoo.com

303-322-8250

CC graduation year:

1982

Current employment position:

Associate Director, Training Resources for the Environmental Community, Denver CO

Experience/areas of interest:

I have worked most of my career on environmental issues. I started in fundraising. I have served as an Executive Director. Right now, my focus is on training, consulting and coaching wilderness groups. I like working with small grassroots groups on best management practices, particularly strategic financial management. I am political and activist oriented. I have worked in the nonprofit sector ever since graduating from CC 30 years ago. I worked while I raised kids. Now that my kids are older, I foster dogs for Retriever Rescue.

Why have you chosen to work in or support the nonprofit sector?

I feel socially responsible and see a need for social change.

Why do you think being a mentor is an important thing to do?

I am hoping to play a small role in helping someone to find their way into a career in nonprofits. They go on to have a huge impact on society and I would feel like I had a small part in it.
What’s your favorite book or movie?

Hmm…can’t think of anything. I watch whatever the kids are into which has gotten a lot better now that they are teenagers.

What is something most people would be surprised to know about you?

I like home decorating.
